

Darren Hall

Technical Director

I have been working in building control surveyor since 1998 in both public and private sectors. I have worked with Building Regulations and supporting documents for over 27 years and have a comprehensive understanding of the application of building regulations within the building procurement and design process.

I am experienced in advising clients on a wide range of requirements required for Building Safety Act and building control compliance. Additionally, I also have comprehensive understanding of MOD processors, BB100, HTM codes, BS 9991, BS 9999 and fire engineered solutions.

In recent years, I have provided building control compliance certification for numerous projects within a wide range of industry sectors including data centres, MOD projects, healthcare premises, schools, shops, residential schemes and office/laboratory buildings.

I am registered as a Class 3G/H Specialist Building Inspector in 2024 and has been a full member and Chartered Surveyor of the RICS and CABE for 20 years.
